Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the proposed Well 15 Development Project in Lemoore, California in Fiscal Year 2027. The entity to receive funding for this project is the City of Lemoore, located at 711 West Cinnamon Drive, Lemoore, California 93245.

This funding would be used to support the development and construction of a new well in the City of Lemoore, expanding water supply and improving system reliability. This project is an appropriate use of taxpayer funds because it addresses aging infrastructure and declining groundwater reliability, strengthening system redundancy and pressure and ensuring a safe, dependable drinking water supply for residents.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

VINCE FONG  
Member of Congress
