March 27, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the proposed Airfield Electrical Improvements and Runway Rehabilitation Design, Porterville Municipal Airport (PTV) in Porterville, California in Fiscal Year 2027. The entity to receive funding for this project is the City of Porterville, located at 291 North Main Street, Porterville, California 93257.

This funding would be used to upgrade airfield electrical systems and complete the design and engineering for a runway rehabilitation project at the Porterville Municipal Airport, including replacement of runway lighting and installation of new electrical infrastructure. This project is an appropriate use of taxpayer dollars because it improves airfield safety and supports critical wildfire response operations, ensuring the airport can continue serving essential public safety and aviation needs.

The project has a federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

VINCE FONG
Member of Congress
