March 19, 2026

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the proposed City of Visalia Real Time Information Center in Visalia, California in Fiscal Year 2027. The entity to receive funding for this project is the City of Visalia, located at 707 West Acequia Avenue, Visalia, California 93291.

This funding would be used to establish the Visalia Real Time Information Center (RTIC), advancing a project that would strengthen public safety operations by providing dispatchers and command staff with a unified platform for real-time situational awareness across the city and surrounding region. The project is an appropriate use of taxpayer funds because it would equip the City of Visalia with critical technology to improve officer response times, enhance coordination with regional law enforcement partners, and increase public safety for residents and local businesses.

The project has a federal nexus because the funding provided is for purposes authorized by 34 U.S.C. § 10381(b)(9).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

VINCE FONG
Member of Congress
