Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the proposed Tejon Indian Tribe Homeland Comprehensive Water Systems Feasibility Study in Fiscal Year 2027. The entity to receive funding for this project is the Tejon Indian Tribe, located at 4941 David Road, Bakersfield, California 93307.

This funding would be used to conduct a comprehensive water systems feasibility study for the Tejon Indian Tribe's 320-acre homeland, assessing drinking water, wastewater, and related water management infrastructure. This project is an appropriate use of taxpayer funds because it enables the Tribe to plan and build the essential water systems necessary for community development.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

VINCE FONG
Member of Congress
